

Interactive Poster Presentation

Information for Interactive Poster Presenters

The Interactive Poster Presentation consists of a “2-Minute Flash Presentation” followed by a “Poster Session”.

2-Minute Flash Presentation

The ISSM Interactive Session provides an opportunity for poster presenters to give a 2-minute condensed presentation of their work to the entire audience.

Please note that there will be NO Q&A session during the 2-Minute Flash Presentation.

Presentation Materials for the 2-Minute Flash Presentation

- * Maximum of FOUR (4) slides
- * Submission format: PowerPoint

Items should be included into the cover page

Poster presentation title

Presenter’s detail information (Name, Affiliation, Title, e-mail address)

Abstract area and ID (e.g. FD-O-999)

Poster Session

The Poster Session will take place after the Flash Presentation period on the same day.

The Interactive Poster Session provides an excellent opportunity to engage in discussion and exchange ideas with professional colleagues. Your poster should be designed to encourage dialogue and interaction.

Poster for the Poster Session

Poster presenters are responsible for bringing or shipping their posters to the conference venue.

You may hand-carry your poster to the venue. If you prefer to ship your poster in advance, please follow the shipping instructions and guidelines below.

Please DO NOT send your poster C.O.D. (Cash on Delivery).

Poster Size and Poster

- * The poster may consist of one large sheet or multiple sheets, as long as the total size fits within the W 900 mm × Approximately H 1300mm display area.
- * The poster should provide a visual representation of the information presented in your paper.
- * There are no specific design requirements for your interactive poster. We encourage you to focus on attractiveness, clarity, readability, and visual appeal. The objective is to capture the audience's attention and encourage discussion. The effective use of colors, charts, figures, and graphics is recommended rather than relying primarily on text.
- * A heavy-grade paper is recommended for better support. Regular-grade paper may also be used.

* The poster boards are compatible with pushpins.

Shipping Information

1. Shipping address

Kokusai Fashion Center KFC Hall & Rooms

10F, 1-6-1 Yokoami, Sumida-ku, Tokyo 130-0015, Japan

Tel: +81-3-5610-5801

2. Attention

Please clearly indicate the following on the shipping label:

ATTN: ISSM2026 [Conference Dates] at KFC Hall

When you arrive to set up your interactive poster, your package(s) will be placed at your designated poster location.

Please unpack your materials carefully and keep the original boxes and packing materials, as you will need them to repack your materials at the end of the conference.

3. Return shipment

At the end of the conference, you are responsible for repacking your materials and attaching the return shipping labels provided by the conference.

The labels will include spaces for the following information:

* Name

* Company / Affiliation

* Complete Address

* Phone Number

Please clearly indicate ISSM2026 and your Paper ID on the return shipping label.

The ISSM Secretariat cannot be held responsible for any loss or damage during shipment.
